

“One step to delight”

Historically, the atrium has been known as a place located in the central part of the house that was used for relaxation and entertainment, and it was a place where families and their friends met. Welcome to the Atrium design restaurant...

The Atrium Restaurant offers Czech and international cuisine specialties. We use only high quality and fresh ingredients, mainly from domestic suppliers, to prepare our dishes.

The composer of the flavours and colours on your plate is the hotel's Executive Chef Mr. Lubomír Mundi and his team. To accompany your dishes we will be happy to recommend a good local Moravian wine, or some still wines of our international private wine makers.

With a total capacity of 120 seats and space variability, the Atrium Restaurant is a good place for your business lunch, romantic dinner or family celebration. In addition to our à la carte menu, we also offer very popular buffets from our chef, served menu and a cocktail reception.

In 2012 the Atrium Restaurant became involved in the Czech Specials project and was successfully certified by the Czech Tourism and Czech Association of Hotels and Restaurants.
